

APRIL INFORMATION EXCHANGE

# HEARING LOSS - SYMPTOMS, TREATMENT, PREVENTION AND HELP.

Hearing loss can be temporary or permanent. It often comes on gradually as you get older, but it can sometimes happen suddenly.

***Join us on Tuesday***

***27th April at 1 pm***

***to learn more about***

- **Signs and symptoms of hearing loss** - How to recognise them
- **Types of hearing loss** - Understand the differences
- **Hearing loss treatment** - How to get your hearing back
- **Test for hearing loss** – Who to contact and where to get a free test from
- **Hearing aids** – Positives and negatives of the different types, NHS v private
- **Preventing hearing loss** - How to protect your hearing

- The meeting will be friendly and informal. You will also have the opportunity to feedback to Healthwatch Hackney on your recent experience of using health and care services in Hackney.
- The meeting will be held using Zoom but you can participate without a computer, mobile or tablet from your landline.

- You can send us questions in advance. This will help us find the answers you need.
- Click **HERE** for more information, to register, or to email **kanariya@healthwatchhackney.co.uk**
