

IMPORTANT INFORMATION

Find out more and get involved in the fight against funding cuts to GP practice in

As you may be aware, local GP Practices are under threat of closure due to Government funding cuts. Our practice and several other practices working in deprived areas of Hackney, Tower Hamlets and Newham are under threat of closing in the next few years because of unfair shifts in funding allocations.

GP practices in East London are lobbying for fairer funding for practices so that they can continue to function otherwise practices will collapse and patient care suffer.

This practice and GPs in East London want to protect the high quality, “traditional” general practice which both patients and doctors value.

We would welcome your support and any suggestions you may have to help us.

You can get involved by

- ◆ Signing the petition at 38 www.keepournhspublic.com/joinus.php or at the front desk in reception
- ◆ Joining the campaign **Keep Our NHS Public** [KONP] . You can find out more at www.keepournhspublic.com/joinus.php
- ◆ Find out more at the Put Patients First Campaign backed by the Royal College of General Practitioners [RCGP] www.putpatientsfirst.rcgp.org.uk
- ◆ Lobbying your local MP – elections are imminent and support for the NHS is a key issue! (We will make sample letters available on our website).
- ◆ Join the Patient Group - leave your details at the front desk for the practice Manager
- ◆ And spreading the word!!
